# Levy County Supervisor of Elections

## NEWS & VIEWS

### Supervisor's Message

Greetings from the Supervisor of Elections office! Isn't it amazing how time flies? Spring is already here and before you know it elections will be upon us. With careful planning, we will once again pledge to fulfill our promise of delivering another cycle of transparent, trouble-free and secure elections with timely and accurate results.

With that in mind, there is something that every registered voter can do to help us get off to the right start. We ask that you help us do our job efficiently by ensuring that your voter registration is up-to-date. The more accurate our file, the better able we are to serve the voters of Levy County. If you have moved, purchased a new home, changed your name or wish to change your party affiliation, NOW is the time to make those updates to your voter registration record.

Additionally, with the increase in popularity of vote-by-mail, your signature on file becomes even more important. Anytime something is processed to a voter registration record, there is a comparison of the signature that is on file with our office. Signatures change over time due to aging or medical conditions. NOW is the time to make sure an updated signature is on file with your voter registration record. See page three for more information on updating your signature with our office.

As the election season approaches, we want to remind you of your right to vote by mail. Florida is a no excuse state, meaning you can request a ballot to be mailed to you for any reason. Why not vote from the comfort of your home? This newsletter includes an absentee request card that can be used to request your ballot today.

I am enthusiastic about being your partner in democracy. As always, please feel free to contact me if you would like any additional information or have any ideas to share about how I can better serve you.
