NEWS & VIEWS

*Supervisor's Message*

Greetings from the Supervisor of Elections office! School is out and the summer season is upon us. The change in season also comes with a host of changes on the elections front.

Florida's legislative session recently ended, and a new elections bill - HB7013 - was signed into law. Among other things, the bill makes changes to the timing and duration of early voting and reschedules the 2014 August primary date. Fortunately, our office has been preparing and monitoring pending legislation to ensure compliance with these new laws.

We are also proud to present to you a new website in an effort to improve the accessibility of election-related information in a user friendly format. You are encouraged to browse through the various features and explore links on this site.

On the following pages, you can read more about what the elections office has been doing. As always, please feel free to contact me if you would like any additional information or have any ideas to share about how I can better serve you.

I am enthusiastic about being your partner in democracy and am working to make sure that Levy County is the best place in America to vote!

Tammy Jones

VOTE IN HONOR OF A VET

Our office is pleased to provide the citizens of Levy County with the Vote in Honor of a Vet program. We hope that this program will encourage voter participation among all ages. Our office also believes in the importance of educating our county's youth on the sacrifices past and present veterans have made so that we can continue to live in a democratic society. If you know a veteran and would like to vote in their honor, send us a photograph of that individual in uniform and fill out a biography form, which is available online. A wall will be designated to display each veteran's photograph submitted to our office. Without your help this program will not be possible.

OUTREACH CORNER

We've had the privilege to attend various events over the last several months. Recently, we visited the Chiefland Watermelon Festival to serve our voters by registering citizens to vote and handing out fans. We have been speaking to middle and high school students about the voting process. This summer, we will be actively involved in the Levy County Summer Library Program. We will be teaching our youth about the importance of voting. If you're planning to attend the Williston 4th of July celebration, stop by and check out our booth.
